IRRECONCILABLES MAKE OPEN THREAT

Says They Will Leave Party Unless it Declares Against League

MUCH SPECULATION

Hughes Looms Prominent on The Horizon, With Offer of Two to One That He Will Receive Nomination.

Chicago, June 10.—Republican differences over the league of nations culminated yesterday in an open treat from irreconcilable senators to leave the party unless it declared flatly against the league of nations.

The ultimatum was delivered in dramatic fashion at a conference of leaders. It put the league issue suddenly to the fore of all other questions before the national convention not excepting even the nomination of a presidential candidate.

Senators Borah, of Idaho; Brandegee ,of Connecticut, and McCormick, of Illinois, represented the irreconcilables at the conference and former Senator W. Murray Crane, of Massachusetts, in past conventions a national leader, spoke for the group demanding a plank for a league with reservations.

New York, June 10.—A moderate roll of money proclaiming that Charles E. Hughes will be the Republican nominee for President came to Wall street yesterday and so insistent were its owners in getting a wager down before the voting started that 2 to 1 was accepted. The betting odds on Mr. Hughes have undergone a remarkable change in the last week. A few days ago 10 to 1 could be found against his chances. These odds narrowed to 8 to 1, and finally to 5 to 1, only to be replaced by 2 to 1 today. While all of the bets recorded were small, they were reported to be numerous.

Johnson, hitherto an even-money favorite, lost ground rapidly. His chances have been quoted at even money and now are 2 1-2 to 1 against. Lowden, Wood and Harding are quoted 3 to 1 against; Sproul, Coolidge and Allen, 6 to 1 against, and Hoover and Butler are quoted at 7 to 1.

A feature of the day was wagering of $7,500 to $500 that Senator Kellogg, of Minnesota, would not secure the nomination Among the "dark horses," it was reported that some money was being offered on former President Taft's chances and the odds were placed at 20 to 1.

RETAIL MERCHANTS

Bureau Opposes Light Boost Till Investigation is Made

The monthly meeting of the Retail Merchants Bureau of the Alexandria Chamber of Commerce was held last night, and it was decided that all retail merchants, as far as possible, observe Flag Day, Monday, June 14th, by hanging out flags.

A general discussion of the proposed increase in electric power rates was held and the following motion was carried:

"The Retail Merchants Bureau is opposed to any increase in rates for electrical power until after a thorough examination of books and plant shall have been made by expert accountants and electrical engineers."

It was decided to call off meetings of this bureau during the summer, and meeting was adjourned until regular meeting in September. The Bureau being subject to call of the chair during the vacation period.

Do you believe in Miracles? See "The Miracle Man" at the Richmond Theatre Friday and Saturday.

VAULT OBLIERATED

The present Gazette building was erected in 1904 by the Virginia Safe Deposit and Trust Corporation In 1911, shortly after that institution went out of business, the building was purchased by the Gazette Corporation, and in October of that year it became the home of this paper.

The vault, which took up considerable space on the first floor, has ever been an obstruction, contracting the room so much needed for the purposes of a newspaper. Recently it was determined to remove the vault, by no means an easy procedure, as it was put up to stay. It was first necessary to take out the steel walls and roof, and remove the many private boxes and the ponderous doors and combination locks The work of demolishing the brick structure followed, and this has occupied about two months, it being necessary to virtually chip it out. After long and tedious work the obstruction has at last been eliminated, and we are now enjoying more elbow room.

Grand Theatre Sold

Sold at Auction Today and Purchased by F. L. Applestein of Baltimore, for $5,125

The Grand Theater located on the south side of King between Royal and Fairfax streets, was sold at public auction this morning by S. H. Lunt, auctioneer, and purchased by F. L. Applestein of Baltimore, who will continue to operate the establishment which is a moving picture theater. The price paid was $5,125.

The bidding was spirited and there were a large number of bidders.

The opening price bid was $3500, and many of those present made bids on the establishment. The building is subject to a lease which runs for two more years.

ALEXANDRIAN KILLED

James Deane Davis, Victim of Motor Tangle in Washington

Trying to avoid a collision with an automobile at Fourteenth and S streets northwest, Washington early last night, James Deane Davis, 20 years old, of 1422 Harvard street, was thrown against a lamp post from the motorcycle he was riding and died shortly afterward on his way to the Emergency Hospital.

Immediately afterward, the automobile, operated by Charles R. Jaymes, colored, crashed into a machine owned by David A. Thompson, which had been brought to a stop near the curb, wrecking it. Neither Jaymes nor Thompson were injured. Jaymes was locked up on a charge of manslaughter, pending the coroner's inquest.

Davis was born in Alexandria. He was a son of Arthur Davis. He moved to Washington about a year ago and was employed as a clerk in the Potomac yards. He was on his way home when the accident occurred.

The funeral will be held at three o'clock tomorrow afternoon from 1422 Harward street, N. W., Washington, the residence of his aunts, Miss Annie Deane and Miss Margaret Deane, with whom he lived. Services will be conducted by the Rev. Edgar Carpenter, and burial will be in the Presbyterian cemetery, this city.

Flag Day at Ft. Myer

Distinguished Virginians to Participate in Exercises Monday

The public of Alexandria and the environs are invited to the formal celebration of Flag Day that is to take place at Fort Myer on Monday next. Colonel William T. Rivers, the commanding officer, has been assured of the presence of such distinguished guests as the Governor of Virginia, Senator and Mrs. Carter Glass, the Honorable Secretary of War and Mrs. Baker, and Representative R. Walton Moore. The entire afternoon is to be devoted to baseball, polo, the exhibition of cavalry and artillery equipment, review of mounted troops and formal addresses. Preeminently a "Virginia Day" at the President's Garrison, it is expected that many thousands of the surrounding counties will come to the post by auto, carriage, trolley and on foot. School children will also be much in evidence.

GIFT TO GIRLS' HOME

C. A. Snow, Sr., Makes Present to Florence Crittention Mission

Chester A. Snow, sr., Tuesday gave $50,000 outright to the National Florence Crittenton Mission. The fund will be known as the Theodora Snow Memorial in memory of the donor's 4-year-old daughter who died in 1895. It will be used for the erection in Washington of a new maternity hospital. The new building will also house the local Florence Crittenton Hope and Help Mission.

Dr. Kate Waller Barrett, president of the national mission, announced Mr. Snow had made a $50,000 provision in his will for the building of the hospital at a garden party given last Wednesday at her home, 408 Duke street, to members of a conference of national workers. In talking it over with his son, Chester A. Snow, jr., the elder Mr. Snow decided to make the gift at once so he might have the pleasure of seeing it materialize. The transfer was made Tuesday.

DANCE TOMORROW NIGHT

Old Dominion Boat Club Will Hold Third of a Series of Subscription Dances

The third dance of the season will be held at the Old Dominion Boat Club tomorrow night, starting at 9 o'clock. These subscription dances are being given by the Regatta Committee, to help defray the expenses of entertaining the third annual regatta of the Southern Rowing Association which will be held here on July 10th, and have proven very popular among the younger dancing set; a number of whom have recently returned from the various schools and colleges.

McWilliams' orchestra of Washington will furnish the music.

News of Potomac

A number of residents of Del Ray attended a box party at Accotink last night, given for the benefit of the Accotink Lodge of Odd Fellows. The amount realized from the sale of boxes, donated by the ladies was $125.50. The boxes were sold at auction to the highest bidder, and the box donated by Miss Beatrice Ives, of Del Ray, brought the largest amount, $8.50. Among those from Del Ray were Mr. and Mrs. J. W. Carmen and family, Mrs. Annie Trice and family.

An entertainment will be given at Mt. Vernon School by "The Ideal Entertainers," Friday evening, June 11, at 8 p. m. The proceeds will be for the benefit of the Episcopal Chapel at Braddock Heights. Come and enjoy an evening of fun.

Mr. and Mrs. J. L. Gary, of Talehinia, Oklahoma, and Mr. H. R. Gary ,of Boston, Mass., are the guests of Mr. and Mrs. W. U. Varney, of Mount Vernon Avenue.

REGATTA JULY 10 TO BE BIG AFFAIR

Southern Rowing Association To Stage Water Fete Here

O. D. B. C., TO BE HOST

Thirty of Local Huskies in Training For Event Under Coach Thrall—Hopes to Capture Some Prize.

From present indications, the third annual regatta of the Southern Rowing Association, to be held here on July 10 next, will far surpass anything in the way of water sports ever attempted in Alexandria

Coach Walter Thrall, former Potomac Boat Club star, has a squad of 30 huskies in training at the Old Dominion Boat Club, and this does not include Big Summers, who will not arrive from V. M. I., for another week; he is a whole crew in himself. Capt. Douglas is taking out additional insurance on his sweeps so he will have some come back when the big fellow starts "smashing em."

So far no attempt has been made to select definite crews, every man in the squad having an equal chance for a seat in any boat, and this will be Coach Thrall's policy turnout. The bunch will be generally weeded out and the men showing the greatest improvement will be assigned to some special crew in about two more weeks.

Judging from the present spirit and cooperation being displayed around the club house these evenings, we can safely say that some of the prizes will remain in Alexandria after the races.

Advance dope from the rival camps at Richmond, Baltimore, and Norfolk indicates that the other clubs are working equally as hard, and some great contests may be looked for when they face the starter for the various events.

WILL ENTERTAIN

Alexandria Citizens Invited to Camp Humphries Monday to Flag Day Celebration

Extensive preparations have been made by the officers of Camp Humphreys for the observance of Flag Day, Monday, June 14th, to be held at the camp, at 2:30 p. m., and will take up all the afternoon.

The Commanding General, therefore, extends a most cordial invitation to all citizens of this city to visit the camp and to join with them in the ceremonies of the day.

The tentative program will be a band concert in the Amphitheatre and a short address by a distinguished speaker,, athletic events, baseball games, This is a most generous invitation and it is to be hoped that all citizens who can possibly get away should avail themselves of this opportunity.

THE PROPOSED LIGHT INCREASE

(Communicated)

The Alexandria County Lighting Company has asked city council to increase its rates from the present rate of 12 cents for the first K. W. and 7 cents for all succeeding kilowats to a dollar for the first five kilowats and 8 cents for all succeeding kilowats up to 200. Under the proposed increase, as now, a minimum charge of $1 is provided.

According to the figures the company gave council, they have 1586 customers affected by the proposed rates of whom 862 have an average monthly consumption not exceeding 5 kilowats and 225 consumers from 15 to 25 kilowats, making a total of 1087 small consumers who, under the present rate, pay from $1 to $1.80 per month. The remaining 499 customers, less than one-third, are divided into small groups who pay from $1.80 to $73 per month ,and who under the proposed rates will pay an increased scaled down to 8 1-2 per cent.

That the burden of increase will be borne by the small consumer is apparent from the following comparison of figures submitted.

The average monthly consumption (K. W.) 15; consumers, 570; present rate, $1.10; proposed rate $1.80; company now receives, $627; company will receive, $1026. Average monthly consumption (K. W.) 25; consumers 225; present rate, $1.80; proposed rate $2.60; company now receives, $405; company will receive, $585. Total—Consumers 795; company now receives, $1,032; company will receive $1.611.

It will thus be seen that the company's monthly revenue is increased from $1032 to $1,611 or 64 per cent. And this increase is applied to a source from which, under the present rates, the company receives its largest income. In other words more than half of their customers, who are the small consumers, as asked to swell the company's largest source of income 64 per cent while the large consumer pays an increase graduated down to 8.5 per cent. Admitting that the man who purchases a commodity in quantity is entitled to a somewhat lower price than the small buyer, is there any article on the market today which sells for sixty-four cents retail and eight and one half cents wholesale?

The proposed rates further increase the burden of the small consumer by throwing into a higher rate class hundreds of customers who now enjoy the minimum rate of a dollar. For example, a man who today uses up to 13 K. W. monthly pays the minimum rate and the 14 K. W., user pays only 1.03. Under the proposed rates only those who use 5 K. W., and under, of whom there are 292. will enjoy the dollar minimum, and those who use from 5 to 14 K. W., will be forced out of this class to pay from $1.10 to $1.72 Look at this comparison. 14 K. W users, present rate $1.03; proposed rate $1.72; percentage of increase 60

The company argues that the small consumer will only bear an increased burden of from sixty to seventy cents per month, which is only about a postage stamp a day, and that no man is too poor to afford it. Expressing rate increases in terms of postage stamps instead of dollars is a novel idea. It might be well to suggest a stamp tax on the 20,000 population of Alexandria, which would result in a total daily increased revenue to the city of $400 or $146,000 a year, which is not far short of the city's total annual receipts from taxation.

Why the small consumer should be asked to fill the company's coffers with postage stamps instead of dollars is difficult to comprehend. He can afford it perhaps, but is it necessary? Does the proposed increase fairly distribute the burden amongst all of the consumers, or should not the large consumer be asked to contribute at least as many postage stamps with which to line the company's treasury.

The ordinance granting the increase as above outlined is objectionable for a further reason which will appeal to those citizens who use current for heat and power purposes What has been heretofore said relates only to the users of current for lighting. The present ordinance to which the increase now proposed is an amendment, specifically and in terms authorizes the application of the present rates to consumers of current for light, heat and power purposes. The company has never applied the rates to heat and power because to do so would destroy every large industry in the city and result in the loss of this business to the company. They can afford to furnish power at a rate as low as one cent per K. W., yet their F rate for power today is seven cents per K. W., which is the maximum authorized. The proposed amendment substitutes the word "electricity" for "current for light, heat and power" and would permit the company—to apply the new rates to power. That they would not do so goes without saying, for the result would be self destruction; but the company is left free to make separate contracts with every individual user of current for heat and power purposes and to make the best bargain it can. Power is their chief source of income. From the incomplete data supplied council it would appear that they receive annually about $55,000 from light and $80,000 from power customers in Alexandria city alone.

The company has misrepresented and misstated its cause both to council and to the public. They have stated that the proposed rates will be lower than in the Virginia cities of Charlottesville, Richmond Norfolk, Petersburg and Portsmouth This is not true. Their own figures flatly contradict their own statement and disclose the fact that in all of the cities named, together with Lynchburg and Roanoke the rates are lower than the proposed rates for the great majority of consumers.

That the company has something to conceal is evident from the reluctance with which they supply information Their ingenuity in obscuring pertinent facts in their method of figuring and the great haste in which they urge council to act. No worthy cause ever suffered from a full investigation and the consequent necessary delay. By resort to personal attack and an appeal to prejudice they seek to divert and distract attention from the real issue. Let them answer the arguments here presented fairly and squarely and prove to public first that they are entitled to an increase and second ,that the proposed method is an equitable and fair one. The burden is on them and the public will cheerfully respond when, and if, they fairly discharge it.

AN ANNOYING PASTIME

One of the most instincts of corrupt human nature is a propensity, generally on the part of the young and thoughtless, to destroy the pleasure of others. Many youths can not afford an automobile or bicycle, and some of their genus are wont to deprive more fortunate ones of the enjoyment afforded by these modern vehicles.

Several boys, most of them employed by the Western Union Telegraph Company, complained to the authorities yesterday that the tires of their wheels had been punctured by tacks placed on King street by mischievous boys. One of the youngsters was identified and made to pay the damages. Others who have been engaged in this pastime are to be dealt with later.

A few nights ago an automobile was stopped on Cameron street. In a short time a large tack was driven into one of the tires.

Spreading of tacks on King street has been for some time a favorite diversion for some youngsters who derive gratification from interfering with the pleasure of others. Several mornings ago broken glass was seen on a well patronized thoroughfare. The glass had evidently been placed in the street for the purpose of damaging automobile tires.

The law makes it a misdemeanor to cast glass, wire or anything likely to cause damage to bicycles, automobiles or motorcycles, and boys who are allowed to engage in such pastimes, when identified, will be brought into the Police Court and their parents made to pay the damages they may cause.

CONTRASTED EXPENSES

Getting nominated for Congress is cheap, despite the primary system, according to expense statements filed by candidates with Tyler Page, clerk of the House of Representatives. In about thirty States, apparently, it costs nothing, for not a single statement has been filed from there. This condition is sworn to be true by numerous congressional districts of many of the other states.

The admitted costs range from 4 cents to $35,000. Henry Spaan, an Indiana Democrat, wrote a couple of letters, hence the 4 cents item, while E. W. Rothrock, a Pennsylvania Republican, spent the $35,000. Other candidates, scattered throughout the country, place the cost at 50 cents to a few hundred or thousand dollars.

Among the States from which statements have been filed are Georgia, Louisiana, South Carolina, Tennessee and Virginia.

Many years ago a spirited contest took place between two opulent Englishmen for a seat in the British House of Commons. The successful candidate, according to his exhibit, spent fifty thousand dollars for a position which pays nothing. His competitor, who went down in defeat, spent forty thousand dollars.

About a century ago a deadlock occurred in one of the rural districts of England when attempts were made to nominate a candidate for the House of Commons. It became necessary to bring in a dark horse, and a Southwalk brewer, known as John Elwes, a millionaire, was named. He was of miserly instincts and had never been known to spend a cent for personal comfort in his life. Elwes agreed to run provided he would not be required to spend money. This was agreed to. During the campaign, however, it became necessary for the candidate to take dinner at a certain tavern. This cost him a shilling (twenty-four cents). He was elected after this modest expenditure.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

TO OUR COAL TRADE

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

This also applies to any orders we already have from our trade.

GERMAN SHIPS COMING

Destroyers to be Studied at Navy Yard—Other Boats Coming

Washington, June 10.—Three German destroyers allocated to the United States have started for this country from Forsyth, it was announced yesterday by the Navy Department. The ships will stop at Brest and then come direct to the navy yard at Washington to be studied by naval experts.

The destroyers, which are being accompanied by the U. S. S. Hancock, will be destroyed after they have served the purpose of the Navy Department.

DYNAMITE

The man who sits on a box of dynamite smoking a pipe is invariably the man who has handled dynamite safely for so many years that he is callous to the danger.

Many a man has suffered for years from a chronic weakness of the Stomach, Liver or Kidneys and he doesn't think they are dangerous because he has put up with them so long. Chiropractic locates the cause of disease as pressure on spinal nerves at their exit between joints of the Backbone, Adjusting removes the pressure and the cause of disease, Health follows as a matter of course.

See the Chiropractor, don't let your disease get chronic. Bring your children they respond wonderfully to adjustments.

SYNOD RAPS SOCIETIES

Secret Bodies "Contrary to the Spirit of Jesus Christ" in Presbyterian Verdict

Greeley, Colo., June 10.—Secret societies are "contrary to the spirit of Jesus Christ" and tend to become a substitute for the church, said a resolution adopted Monday by the National Synod of the Reformed Presbyterian Church in session here, of the church which generally is opposed to such organizations. The resolution reaffirmed the doctrine

How Many Miles

From a Cord Tire?

Men are everywhere telling remarkable tales about mileage from Miller Cords.

But remember that mileage varies with conditions. Size and load, road and care affect it.

One man who has sold and watched many thousand Miller Tires says this:

"I find that Millers excel other tires in service from 50 per cent to 75 per cent."

The Hudson Taxi Co. of Detroit reports a 15,000-mile average on rather heavy taxis.

Tread Patented

Center tread smooth with suction cup, for firm hold on wet pavement. Gears-to-the-Road side treads mesh like cogs in dirt.

The Eldorado Stage Co. of Los Angeles, after long comparisons of 22 makes, say that Millers excel all.

Factory Tests

Miller factory tests, which are severe, last year showed a rear-wheel average of 15,000 miles on Cords. They proved that Millers, with rear corrections, outwore every tire compared.

They proved the new Miller tread the best of all treads by 25 per cent.

Test one for yourself. It will give you new ideas about tire mileage. It will, in all probability, break all records on your car.

Miller experts in ten years have done much to serve you. For your own sake, learn what they have done.
